AFFAIRS OF THE DISTRICT.

Praises for the Superintendent of Street Cleaning.

Congress Heights Citizens Approve the Site Chosen by the Commissioners for the Proposed Municipal Almshouse—Liability for Damages.

Warner Stutler, Superintendent of the Street-Cleaning Department, recently received a letter from L. M. King, Superintendent of Street Cleaning in San Francisco, in which some interesting facts are set forth relative to the cost of street cleaning in that city, as compared with that in Washington. Mr. King writes:

"It was with great pleasure that I received the copy of your report of the Street-Cleaning Department of the District of Columbia for the fiscal year ended June 30, 1901, and thank you for kindly remembering us. With the possible exception of Colonel Waring's report of the street-cleaning department of New York, made at the end of his administration, I have not seen any which are so complete and interesting as those of your department."

"You are to be congratulated upon your success in securing the extension, throughout such a large district, of hand cleaning by your department direct, and you certainly have brought the cost down to a very low figure. It is costing us this year on the block system in the heavily traveled downtown streets 25 cents per 100 cubic square yards, which is a reduction of 2 cents from last year's price. This is by contract and covers all kinds of pavements, a large number of which are basalt blocks and some cobblestones."

"The sweepings alone have been hauled quite a distance. We are now disposing of the great portion of our sweepings by having the same hauled on electric cars to Golden Gate Park, where they are of great value as a fertilizer. The city erected at that park a large pile of sweepings, which were hauled by the contractors and from which they are transported by the street railway company, which latter charges for this transportation 30 cents per cubic yard. The distance hauled is about seven miles. This 20 cents of course, is not included in the contractor's price of 20 cents for cleaning and hauling to the bunks."

"I have been very interested in your report on the use of hand sweeping machines and am trying to get a sample machine for the district, which is a very good one. The price this year for cleaning streets other than the first class, which are cleaned by the horse system, is 35 cents per 1,000 square yards."

"The Commissioners today received a communication from several citizens of Congress Heights complaining that upon the Heights of 'Bald Eagle Hill' as the site of the proposed municipal almshouse. The citizens write:

"It is a beautiful, healthy, and picturesque section of the District. The high hills overlooking the Potomac River opposite Alexandria give a magnificent view of this historic river with its fertile valley."

"This tract purchased by the Commissioners for the almshouse has a large river front, and is accessible both by railroad and steamboat; the Baltimore and Ohio Railroad has a connection on the north and Shepherd's street will be used as a landing place for steamboats."

Miss M. A. Mannakee, of 1626 Nineteenth Street Northwest, recently wrote to the Commissioners complaining that the front steps to her house were out of plumb, due, she thought, to the settlement of the sewer trench recently filled along Nineteenth Street. The matter was referred to the Sewer Department and David E. McComb, the Superintendent of Sewers, has reported that the foundations of the steps were not settled by the settlement of the sewer trench. He stated that the contractor was Adam McCandlish, and that under the terms of his contract he is responsible for the cost of repair to the steps. He recommended that notice be served upon the contractor to cause the steps to be repaired at an estimated cost of \$15.

H. B. Hedrick has written to the Commissioners suggesting that a water main be laid on Ninth Street Place to accommodate his premises, called "The Oaks." W. A. McFarland, Superintendent of the Water Department, has reported to the Commissioners relative to the matter that Ninth Street Place has not been dedicated as far west as Thirtieth Street, and he says that a main laid there at the present time would be too deep for any

benefit to shutting property. He recommends that the request for the water main be not granted, on the ground that there is no sewer available.

G. B. Coleman, the Superintendent of Repairs, has submitted to the Commissioners the proposals for furnishing and connecting two 10-inch gongs and two 4-inch gongs at the Franklin School. He recommends that the bid of C. Schneider's Sons be accepted.

Gilbert H. Grosvenor, of 1331 Connecticut Avenue, has written to the Commissioners stating that he desires to erect a building on lot 19, square 137, with a projection over the right of way for alley through lot 26, adjoining. He requests a letter from the Commissioners conveying the information that the proposed projection does not interfere with the collection of ashes and garbage from the other lots.

The matter was made the subject of an investigation by the Street-Cleaning Department and it was reported that the proposed building would not in any way interfere with the collection of garbage and refuse from the adjacent premises.

At the instance of the Engineer Commissioner, the Board has voted that Mr. Grosvenor be informed in accordance with the facts.

GET PRISONERS IN LONDON.

Local Detectives to Bring Two Men Here for Trial.

John Morgan and James Harber were on Saturday remanded to the custody of Detectives Edward Weedon and Robert Howett of this city, in the Bow Street Police Court, London, England. They will be brought to this city for trial on a charge of larceny from the person.

The detectives expect to leave Southampton November 3 on an American Line steamer, and will probably reach Washington about November 11.

Morgan is known in England as Frederick Austin and Harber is known there as John Collins. They were arrested on March 1, at which time the city was still full of inauguration visitors, these men were arrested in the Pennsylvania depot, charged with having stolen from the pocket of an elderly lady from Atlantic City a pocket-book containing \$9. The pocket-book was found in their possession and identified. The accused furnished bail in the sum of \$1,500 each. When they failed to appear for trial the bonds were declared forfeited, and it is said, were found to be worthless. The men, it is said, were sent out asking for the apprehension of the men, and they were recaptured by Scotland Yard detectives.

CHARGED WITH DESERTION.

Wife of William A. Tenly Files Suit for Divorce.

Katie Tenly brought suit today against William A. Tenly for absolute divorce. Mrs. Tenly alleges that she and the defendant were married in this city on March 7, 1881, and that they have one child, which is now seventeen years of age.

She alleges that the defendant willfully deserted her on October 13, 1896, and since that time he has refused to support her. The parties to this suit are all long residents of the district of Columbia. Edward G. Niles is named as counsel for the complainant.

Paid a \$15 Fine.

William Marenzo was fined \$15 by Judge Kimball in the Police Court on a charge of disorderly conduct. In default he will serve thirty days in the workhouse. Two policemen testified that Marenzo was noisy and profane near Centre Market on Saturday and that when arrested he cursed viciously. Marenzo said he was drunk and did not remember what he had done, and paid his fine.

THE JOSE DIAZ CASE.

Arrival of the Accused From Philadelphia to Stand Trial.

Jose Diaz, alias M. De Castro, otherwise known as J. D. Alvarez, charged with grand larceny, who was arrested in Philadelphia several days ago, was brought to this city today and committed to jail to await the result of the investigation of the charge against him.

The prisoner is charged with stealing \$25 from John M. Hudgins at the Ebbitt House on the night of October 16 last. It is stated that on that night the accused registered at the Ebbitt House and was assigned to a room on the third floor. During the night, it is said, he was seen in the corridors of the second floor, where Hudgins occupied room No. 513. Diaz, it is said, was in his stocking feet. He left the hotel early in the morning and went to Philadelphia. When Diaz was taken into custody, it is said, he had in his possession a gold watch, belonging to ex-Governor Hoag, of Texas.

GRANTED BY THE PRESIDENT.

Application for Remission of Forfeited Collateral Considered.

The President has granted the application of George Minter, survey in the case of States vs. George Jackson, in the Police Court of the District of Columbia, for the remission of his forfeiture of recognizance.

TO STOP THE BONFIRES.

Police Directed to Enforce the District Regulations.

An order has been issued to the police to prevent the burning of leaves upon the streets by boys and others. The burning of bonfires in the streets, it is claimed, not only endangers the safety of buildings, which at times have been set on fire by the flying sparks, but it injures the pavement, starts fires, and frequently results in runaways.

The Death Record.

The following deaths, for forty-eight hours reported at the Health Department up to noon today: Sarah Butler, 87 years; Walter Stewart, 88 years; Sister Mary Baptista Linton, 70 years; James H. Whitmore, 71 years; Corolline George Conover, 71 years; William J. Sanders, 68 years; Virginia Jennings, 62 years; Jacob E. Young, 60 years; Frank Foster, 68 years; Edwin DeWitt Peak, 60 years; Louis Vandervort, 58 years; Frank Moore, 61 years; James Lomas, 59 years; Isabella C. Pierce, 49 years; Joseph L. Smith, 44 years; James S. Spence, 41 years; Elizabeth Wells, 38 years; George T. Lyles, 28 years; Emma Crawford Murray, 28 years; Carrie May, 16 years; Myrta Osborne, 5 years; John Wood, 3 years; Ruth Jones, 2 years; Elizabeth Diegelman, 1 year; Regina Elwood, 9 months; Laddie Frances, 8 months; Edna R. Stewart, 8 months; Sterling Jackson, 2 months; and Martha E. Wells, 1 day.

NOW OUT OF QUARANTINE.

Lieutenant Kenney Permitted to Return to His Post of Duty.

Lieut. John Kenney has returned to active duty in command of the Tenth precinct after having been quarantined at his home for over a month.

His son, who has had a severe attack of diphtheria, has about recovered, and the quarantine on the house has been raised by the inspector of the Health Department.

ECZEMA'S ITCH IS TORTURE.

Eczeema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is itchy, dry and fissured. Eczeema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes and other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

BAD FORM OF TETTER.

"For three years I had Tetters, which caused me to scratch my hands, which caused them to swell and become very painful. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. Four doctors said the Tetters had progressed too far to be cured, and they could do nothing for me. I took only three bottles of S. S. S. and was completely cured. This was fifteen years ago, and I have never seen any sign of my old trouble."—Mrs. L. B. Jackson, 1414 McGee St., Kansas City, Mo.

S. S. S. neutralizes this acid poison, cools the blood and restores it to a healthy, natural state, and the rough, unhealthy skin becomes soft, smooth and clear.
